# ANNUAL REPORT

OF THE

## COMMISSIONERS OF EDUCATION IN IRELAND

FOR THE YEAR

1907.

TO HIS EXCELLENCY JOHN CAMPBELL, EARL OF ABERDEEN, K.T., G.C.M.G.

LORD LIAUTENANT-GENERAL AND GENERAL GOVERNOR OF IRELAND.

MAY IT PLEASE YOUR EXCELLENCY,

We, the Commissioners of Education in Ireland, beg to submit the following Constitution of Commission.  
General Report of our proceedings during the year 1907.

We deeply regret to have to report the death, on February 24, 1907, of His Honour Judge Carton, K.C., who was one of the first Commissioners appointed by the Lord Lieutenant when the Scheme came into operation in 1891, and also the death, on November 18, 1907, of Rev. Hamilton B. Wilson, D.D., who became a Commissioner in 1895, as Representative of the Tyrone Protestant Board of Education, and who, from 1903 until the date of his death, held uninterrupted office as Chairman and Vice-Chairman of the Board alternately. We take the present opportunity of recording our sorrow at the loss of our colleagues and our high appreciation of their valuable services to education during their lengthened terms of office as Commissioners.

By warrant dated June 6, 1907, your Excellency was pleased to appoint Thomas F. Molony, Esquire, K.C., to be a Commissioner in succession to the late Judge Carton, and on November 28, 1907, the Tyrone Protestant Board of Education elected Rev. D. A. Taylor, M.A., D.D., to be their Representative in succession to the late Rev. Doctor Wilson. In addition to the change caused by death in the personnel of the Commission during the year, a further change took place through the regretted resignation of Sir Francis Cruise, M.D., D.L., K.S.G., in succession to whom your Excellency was pleased to appoint William Joseph O'Reilly, Esquire, D.L., by warrant dated February 18, 1907. In other respects the constitution of the Commission remains the same as it was at the close of 1906, as set forth in our last Report, dated April 18, 1907. The names of the Commissioners are set out *infra*, Appendix A, No. I., p. 10.

We held five meetings during the year—Ordinary Quarterly Meetings on January 24, April 18, July, 18, and October 10, and a Special Meeting on June 27. The Special Meeting was summoned for the execution of formal documents, involving the use of the Common Seal, which can take place only at Board Meetings. At the meeting of January 24 we elected Right Rev. Monsignor Byrne, P.P., V.G., to be our Chairman, and Rev. H. B. Wilson, D.D., to be our Vice-Chairman for the year. A Table of the attendances of the Commissioners is given *infra*, Appendix A, No. IV., p. 11.

Meetings and  
Attendances.

## Standing Committee

The Standing Committee held eighteen meetings during the year, that is two less than the previous year. No meeting failed for want of a quorum. In Appendix A, No. V., p. 11, is given a Table of attendances of the Standing Committee. The names of those Commissioners who constitute the Standing Committee are given—Appendix A No. II., p. 10.

## Office Staff.

No change has taken place in our Staff during the year. Its constitution is set out in Appendix A, No. III., p. 10.

## Accounts.

*Accounts.*—In Appendix B, *infra*, pp. 12–20, we give Summaries of our Audited Accounts, together with the Certificate of the Local Government Board Auditor.

## Receipts

The following is a Summary of the Income Side of our Account:—

## Comparison.

Compared with the year 1906, our gross income from all sources shows an increase of £107. For this increase Miscellaneous Receipts are mainly responsible, the principal item accounting for the difference being a sum of £83 6s. 9d. received from the Armagh Protestant Board of Education in discharge of a debt contracted on account of School Rent. Rents show a falling off of nearly £700, but dividends are increased by, approximately, the same amount. The recent sale of the Cappeloughlin Estate furnishes the explanation for this change in the source of the Commissioners' Income.

## Expenditure

Our expenditure on Estate outgoings, cost of management, &c., was about £100 greater than that for the previous year, all the items being normal with the exception of a sum of £99 18s. 6d. spent in connection with new Drainage Works carried out in the old Limerick Diocesan Schoolhouse. To educational purposes we applied £248 more in 1907 than in 1906, and small accumulations of income, amounting to £135, we invested in Bank of Ireland Stock.

Our Total Expenditure for the year exceeded our Gross Income by £156, and the Balance sheet of our net credit balances on December 31, 1907, was accordingly less by that amount than the sum total shown on the corresponding date of the previous year.

Owing to the depressed state of Government Securities during the year, we have been unable to proceed further with the policy, referred to in our previous Report, of selling Consols and investing the proceeds in other Securities yielding a higher rate of interest. Our Capital Account has been increased by the purchase of £49 *ss.* 11*d.* Bank of Ireland Stock at a cost of £150, the purchase money being £135 accumulations of income alluded to above, together with £15 standing to the credit of the Preston Capital Account. #### ULSTER ROYAL SCHOOL ENDOWMENTS.

The Schools sharing in the Ulster Royal School Endowments continue, on the whole, to be efficiently conducted. The Returns dealing with the School Rolls, the Educational Results, and the condition of the School Buildings are, speaking generally, of a satisfactory character. For full particulars on these points we would refer to the Reports of our Secretary who, as Lord Lieutenant's Inspector, visited the various Schools last autumn. These Reports will be found in Appendix C, *infra*, pp. 21-26. General,

The total number on the School Rolls for the year 1906-'07 shows a substantial and gratifying increase compared with the number for the year 1905-'06; the Returns giving a total of 772 in September, 1907, as against 703 in September, 1906. This increase is in itself sufficiently remarkable, but it is all the more significant in view of the fact that the returns for 1906 themselves showed an improvement of 26 on those for 1905. The principal causes of variation in individual School Rolls are increases of 3 in St. Patrick's College, Cavan, 30 in St. Eunan's, Letterkenney, 8 in St. Macartan's, Monaghan, 18 in Dungannon Royal School, and 17 in St. Patrick's Academy, Dungannon, and decreases of 4 in Armagh Royal School, 4 in St. Patrick's College, Armagh, and 13 in Royal School, Enniskillen. The number of pupils presented for the Intermediate Examinations in 1907 was 447 as against 436 in 1906—an improvement which it is gratifying to note, but which is not proportionately so great as that of the School Rolls. Numbers.

Tested by the Intermediate Examinations the efficiency of the Schools continues creditable, although it does not reach the high standard of the year 1906, when the percentage of Passes was 70·6 as against 64·8 in the year 1907. In this connection, however, it should be noted that the general results for the country as a whole show a marked falling off in 1907, the general percentage of Passes being 57·1 as compared with 62·8 in 1906. It will thus be seen that the particular results of the Schools with which we are dealing, although considerably behind the similar results for 1906, are nevertheless well in advance of the general results for the whole country, the particular and general percentages being respectively 64·8 and 57·1. Efficiency.

The state of the School Buildings generally is fairly satisfactory. The new College of St. Eunan, Letterkenney—the want of which was long felt—is now completed. With regard to it our Secretary, as Lord Lieutenant's Inspector, reports:—"It does much credit to those responsible for its erection. It affords accommodation for some eighty boarders—almost all of whom can be provided with separate rooms; the fittings and equipment are most modern; and the domestic arrangements seem well-nigh perfect." The premises of the Royal Schools, being for the most part old buildings, call for a constant outlay to keep them in condition. We are assured, however, that the Local Boards interested are fully alive to the importance of the matter, and act up to their responsibilities as far as their limited resources will allow. School Premises.

We are satisfied that all the schools (eleven in number) selected by the Local Boards of Education have fulfilled the conditions prescribed by the Scheme to qualify them to share in the Endowments of their respective districts. We accepted as evidence of "Qualified Schools."

this qualification the certificate of the Lord Lieutenant's Inspector, who visited each of the schools in September, 1907, and who, in his report dated October 3, 1907, states:— "I beg to report the compliance by each of the schools with the requirements of the Scheme in respect of the school year ended August 1, 1907."

#### Local Boards.

We print, *infra*, pp. 28-41, the Annual Reports of the Local Boards of Education. The amount distributed between those Boards for the benefit of their respective School Districts was £3,146, allocated as follows:—Armagh, £323; Cavan, £243; Donegal, £213; Fermanagh, £897; and Tyrone, £1,268.

We also paid to the Cavan Roman Catholic Board and to the Fermanagh Roman Catholic Board, the income of their respective Building Funds; to the Fermanagh Protestant Board the rent received for "Portora Point," and to each of the local Boards its proportion of the sum recovered from the Inland Revenue Authorities in respect of Income Tax paid on the various Endowments in the hands of the Commissioners.

#### OTHER ENDOWMENTS.

*Preston Endowment.*—The gross income of this Endowment for the year, including dividends on the separate Capital Accounts of the Navan and Queen's County Schools, and small Miscellaneous Receipts, was £1,009 16s. 9½d., which exceeds that of the previous year by the substantial sum of nearly £150, the explanation being that during the year 1906 negotiations for the sale of the Cappalonghlin Estate militated against a regular and complete rent collection. The amounts allocated to the several Schools having claims on the Endowment, after payment of the necessary outgoings, were as follows:—King's Hospital, Ormantown, £130 1s. 2d.; Preston School, Navan, £333 5s. 3d.; and Preston School, Abbeylisk, £257 8s. 1½d.

*Preston School, Navan.*—The Report of the Lord Lieutenant's Inspector, which we print *infra*, page 27, states that:—"The work done in this School seems to be very satisfactory." It appears, however, from the Returns furnished with the Report that the School Roll numbered twenty-six, with an average attendance of twenty-three, and that of three pupils presented for the Intermediate Examinations one passed.

*Preston School, Abbeylisk.*—We print *infra*, page 27, the Report of the Lord Lieutenant's Inspector on this School. The Intermediate Results are not so good as those of the previous year, the percentage of Passes being reduced from sixty-nine to fifty. The School Rolls, we regret to observe, show little improvement, twenty-three taking the place of twenty-two.

*Corryford Endowment.*—The number of Schools receiving grants from this Endowment still continues to be five, two being under Protestant and three under Roman Catholic management. The total sum available for educational purposes was £159, which we divided equally between the two religious denominations. The educational efficiency of these Schools, when it is remembered that the majority of them are situated in isolated country districts, may be pronounced fairly satisfactory. In the case of one of the Schools, the premises must still be considered as far from suitable, but under the new Treasury arrangements, we hope soon to see the necessary improvements effected.

*The Leamy Endowment, Limerick.*—During the year we distributed between the Leamy Local Boards of Education the sum of £248 19s. 8d. The two Schools sharing in the Endowment continue to be conducted in a satisfactory manner, as shown by the Report of the Lord Lieutenant's Inspector, which is given *infra*, p. 27. It is gratifying to note the very marked success of the Leamy High School at the Intermediate Examinations.

*The Viscount Limerick Endowment, Dundalk.*—Three Schools established their claim to share in this Endowment, namely:—St. Mary's College, Dundalk, for twenty-nine pupils; the Educational Institute, Dundalk, for twenty-three pupils; and Christian Schools, Dundalk, for four pupils. We divided the sum of £32 14s. 8d. between them, in proportion to these numbers.

*Bank's Endowment, Eyre Court.*—The Trustees of this Endowment again failed to submit a plan for its application, and having consulted the Manager of Eyre Court National School, in accordance with Sec. 6 of Scheme No. 123, we decided to continue the application of the funds to the same purpose to which they had been applied in the four preceding years, viz., to the teaching of such technical subjects as Shirt-making, Knitting, &c., in that School. The sum available was £17 5s. 3d. The Assistant Directress of Work for the Commissioners of National Education, who visited the School in June last, states:—"Each branch has been taught with thoroughness and complete satisfaction."

*The Diocesan Schools and Banagher Royal School Endowments.*—We paid the following sums as prizes to preparatory grade pupils in the various localities, on condition that the money should be applied towards the payment of the winners' school fees for the ensuing year:—£12 to pupils of Schools in the Diocese of Leighlin and Ossory, £26 to pupils of Schools in the Dioceses of Meath and Ardagh, £28 to pupils of Schools in the Dioceses of Tuam, Killala, and Achonry, and £24 to pupils of Schools in King's County (Banagher Royal School District). Again, as was the case in the two previous years, we have been unable to award the whole of the Banagher Royal School Endowment owing to the lack of applicants. We offered £40 for competition, five prizes being set apart for boys and three for girls, but inasmuch as we had not a single candidate for the three girls' prizes, these prizes, amounting to £16, could not be allocated.

*Lettow School (Anne Hall Endowment).*—In the Report of the Lord Lieutenant's Inspector the following words occur:—"A slight improvement in the results of the teaching, but much remains in this respect for the future." The Manager has not yet carried out the repairs in the old Girls' School, which, as stated in our previous Report, have already received our sanction. He hopes soon, however, to be in a position to submit plans for the purpose.

*Limerick Diocesan School Endowment.*—The improved drainage of Roxborough Road School Premises, mentioned in our last Report, was completed during the year at a total cost of £99 18s. 6d. This expenditure was met out of unexpended income, which since the year 1892 has been steadily accumulating in our hands. The credit balance at present stands at £227 18s. 11d.

#### ESTATE MANAGEMENT.

In Appendix B, IV. and V., p. 20, we give Summaries of our Rentals for the years 1905-1906, together with our Agents' Accounts for the corresponding periods. Rentals and Accounts. Owing to the sale of the Cappaloughlin Estate our Rental has been reduced by £732 10s. 6d., while with regard to the other estates still in the hands of the Commissioners, the gross Rental shows a falling off of £17, the figures being £2,944 1s. 4d. now as compared with £2,961 10s. 5½d. last year. Land Court Fixtures on the Armagh and Tyrone Estates are responsible for reductions of £4 5s. 0d. and £10 8s. 0d. respectively, and the Tyrone Bog Rental is accountable for the remainder.

*Arrears.*—Leaving out of consideration the Cappaloughlin Estate, in which, owing to the arrangements for sale, practically all arrears have been either forgiven or added to the purchase-money, the returns as to each of the other estates, excepting Banagher, in which there were no arrears, all showed an improvement at the date of rendering the Accounts. The Armagh arrears have been reduced by £9, Tyrone by £42, and Carysfort by £47, the gross figures being £1,866 1s. 7d., as compared with £1,964 10s. 3d. in the previous year.

Throughout the year we have been in correspondence with the tenants on our Armagh Estate as to the proposed purchase by them of their holdings under the Irish Land Act, 1903, and we are glad to be able to report that, as the result of such correspondence, arrangements have been practically concluded for the sale of this Estate.

All which we have the honour to submit to Your Excellency as our Report in the premises.

Scaled with our Common Seal at a Meeting held this 29th day of April, 1908, and forwarded for submission to Your Excellency on the same date.

## AUDITOR'S CERTIFICATE.

Local Government Board, Dublin,

15th April, 1908.

Sir,

I am directed by the Local Government Board for Ireland to forward, herewith, for the information of the Commissioners of Education in Ireland a copy of the Report of the Auditor on his audit of their accounts for the year ended 31st December, 1907, together with abstracts of the accounts.

I am, Sir,

Your obedient servant,

H. COURTNEY, Assistant Secretary.

To STANISLAUS MURPHY, Esq., &amp;c.

[Cont.]

Local Government Board, Dublin,

14th April, 1908.

GENTLEMEN,

I have the honour to report that I have audited the Accounts of the Commissioners of Education in Ireland for the Year ended the 31st December, 1907, under the provisions of the Educational Endowments (Ireland) Act, 1855, and I forward herewith the Abstracts of the Account, in the prescribed form, duly certified.

I am, Gentlemen,

Your obedient servant,

R. J. BAKER, Auditor.

The Local Government Board, Dublin.

## INSPECTION, 1906-1907.

## REPORT

With regard to the INSPECTION for the YEAR 1906-1907 of the SCHOOLS selected by the Local Boards of Education to share in the

## ULSTER ROYAL SCHOOL ENDOWMENTS.

As Inspector appointed by His Excellency the Lord Lieutenant for the school year 1906-07, I made my inspection of these Schools in September, 1907. The number of such Schools is still eleven.

The subjoined Table shows the accommodation of the Schools and the numbers on their Rolls respectively:—

\* These figures are, of course, only approximate.

*School Rolls.*—It is with sincere pleasure that I report a very marked increase in the total number of pupils on the rolls for the year just closed, as compared with the previous period—the figures being 773 in 1907 and 706 in 1906. This increase is sufficiently striking, but it becomes more remarkable when one considers that the returns for 1906 themselves showed an improvement of 24 on those for 1905. In other words, the rolls are stronger now by nearly 100 than they were two years ago—an increase of nearly 14 per cent.—and whereas a total strength of 700 was then something to be desired, it would now give no great cause for congratulation. In previous Reports I alluded to Carran Royal School and St. Patrick's Academy, Dungannon, as being the two Schools which left most room for improvement in the strength of their rolls. In the case of the latter, the roll now stands at 69 (an increase of 17), and I hope to see a still further increase chronicled during the coming year. As to Carran, the competition of the other Royal Schools and the comparative sparseness, locally, of the class for which the school is intended to provide, will, I fear, be continuing quantities to militate against a very strong School roll, but that the present returns (33) can be improved I am confident, and I look to the members of the local board—individually rather than as a corporate body—to use their best efforts in this behalf.

The most marked increase in individual School rolls is that of St. Eunan's, Letterkenny, where the 30 of last year gives place to 40 this year, and, of course, the increase is due to the opening of the new College, which is splendidly equipped in every way as a first-class boarding-school. Other substantial increases are to be noted in St. Patrick's College, Carran, 9; St. Macarthur's, Monaghan, 8; Dungannon Royal School, 18; and St. Patrick's Academy, Dungannon, 17, as alluded to above. On the other hand, Armagh Royal School, St. Patrick's College, Armagh, and Royal School, Enniskillen, show reductions of 4, 4, and 13, respectively.

The gross Intermediate rolls this year numbered 548, of whom 447 were presented for examination, that is 81 per cent., while last year the figures were 529 and 436, or 82 per cent. That the falling-off in this respect has been immaterial, is, I think, matter for congratulation, as I am strongly of opinion that not only is it in accordance with the spirit of the Scheme, but also generally desirable in the interests of the pupils, that as many as possible of those on the Intermediate roll should be presented for examination.

*Educational Efficiency.*—Tested by the results of the recent Intermediate Examinations, the Schools, taken as a whole, have done fairly well. The successful candidates number 290 out of 447 who entered for the examinations, that is, the percentage of "Passes" is 64·8. This result shows a marked falling-off as compared with that of last year, when the percentage was 70·6. But then, it must be remembered that the general results for the country as a whole also show a marked falling-off this year, the general percentage of "Passes" being 57·1 as compared with 63·8 in 1906. It thus appears that the particular results of the Schools with which we are dealing, although considerably behind the similar results of last year, are nevertheless well in advance of the general results for the whole country, the particular and general percentages being respectively 64 and 57.

Judged by the Intermediate Examinations, only three of the Schools sharing in the Endowments have advanced during the year. They are St. Patrick's College, Armagh, St. Eunan's, Letterkenny, and Enniskillen Royal School, their percentages of "Passes" having risen from 58 to 82, 63 to 68, and 47 to 56 respectively. On the other hand, no less than seven of the Schools show decreased percentages, and notably the following:—Raphoe Royal School, St. Macarthur's, Monaghan, and St. Michael's, Enniskillen, whose "Passes" this year are represented by 50, 61, and 63, as compared with 67, 88, and 82 in 1906.

The consideration of these facts would seem to suggest that responsibility for the comparatively poor Intermediate results of 1907 rests not altogether with the pupils or their teachers. More likely is it that an explanation is to be found in the unusual character of some of the papers set or in the high standard of marking adopted. In two subjects at least, there are indications that either or both of these causes operated towards the failure of an unusually large number of candidates.

*Buildings, Equipments, &c.*—Speaking generally, the School buildings are in good order, and the teaching appliances are sufficient and suitable. The new College of St. Eunan, Letterkenny, is now completed, and does much credit to those responsible for its erection. It affords accommodation for some eighty boarders—almost all of whom can be provided with separate rooms; the fittings and equipment are most modern, and the domestic arrangements seem well-nigh perfect. In Enniskillen Royal School, dormitories have been re-fitted; in St. Michael's, Enniskillen, new lavatory accommodation, which was much needed, is in course of erection; in St. Macarthur's, Monaghan, a new wing is being added, which will contain physical and chemical laboratories and a large dormitory; and in Dungannon Royal School a much-needed work has been effected in cementing the gables of the main building.

All the schools, with the exception of St. Patrick's College, Armagh, are now supplied with well-equipped laboratories, and the Reports of the Department on the science teaching are, speaking generally, very creditable. More tidiness, however, might be displayed in the keeping of some of the laboratories. St. Patrick's, Armagh, having elected to adopt the Grammar School course, has been allowed to substitute Greek for Experimental Science, in accordance with the provisions of the First Schedule of the Scheme.

I would call attention to the following points:—

*Armagh Royal School.*—The entrance hall leading to Head Master's quarters and the walls of staircase in these quarters should be done up. Something has been done to improve the bathroom on the ground floor, but more is required.

*St. Patrick's College, Armagh.*—Signs of dampness are apparent in one of the dormitories.

*Carran Royal School.*—The working of the water supply in the outdoor w.c.s is, in my opinion, scarcely satisfactory.

*St. Patrick's College, Carran.*—Class rooms require to be re-coloured; baths should be enamelled or painted.

*Raphoe Royal School.*—Back walls of main building are much in need of plaster or cement.

*Buniskillen Royal School.*—Corridor leading to study hall should be done up, and the back of main building requires plaster or cement.

*St. Maurice's, Monaghan.*—There are pronounced signs of dampness at the end of a corridor in the left wing.

*Dungannon Royal School.*—The front sadly needs refreshing, and the walls of staircase leading to Assistant Masters' quarters should be done up.

As mentioned in my last Report, Armagh and Dungannon Royal Schools and St. Patrick's College, Cavan, require a supply of desks and benches of a more modern type than those at present in use. St. Patrick's Academy, Dungannon, requires a supply of maps and facilities for the students to wash their hands.

*Health.*—The health which prevailed in the Schools was uniformly good—I might say excellent. Two cases of chicken pox, one of measles, and one of scarlatina were reported to me. Prompt measures having been adopted, nothing in the nature of an epidemic occurred.

*Free Places.*—All the Schools advertised "free education" for at least two pupils, as prescribed by Sec. 58 of the Scheme. Armagh Royal School, and St. Michael's, Berrinskillen, attracted no applicants, while in St. Patrick's, Armagh, Raphoe Royal School, and Buniskillen Royal School the candidates were so few that there was no competition. On the other hand, in St. Patrick's, Cavan, and St. Maurice's, Monaghan, the competition was keen, and the answering of the successful candidates was proportionately high.

*Local Boards.*—The Local Boards, speaking generally, have duly observed the various requirements of the Scheme. In some cases, however, minutes and accounts are not written up after each meeting, but are allowed to lie over until it is time to prepare for a subsequent meeting. This is a very unsatisfactory practice and calls for alteration.

*Schedule I. Qualified Schools.*—I am satisfied that all the necessary conditions have been fulfilled, and I beg to report the compliance by each of the Schools with the requirements of the Scheme in respect of the School year ended August 1st, 1907.

The matters which call for attention, and to which I have briefly alluded above, will be made the subject of further reference in my detailed Report to His Excellency the Lord Lieutenant.

STANISLAUS MURPHY,

*Inspector.*

October 3rd, 1907.

## INSPECTION.

## II.

## DETAILED REPORTS OF THE LORD LIEUTENANT'S INSPECTOR.

## SCHEME No. 34.—Ulster Royal School Endowments.

I.—*Armagh Protestant Board of Education*.—Since the date of last inspection the Local Board held four meetings of which one was informal, in that no notice had been given. An excuse for this omission may be found in the fact that there was no important business to be transacted. The attendance of members was fairly satisfactory, although I note that one gentleman has not attended a single meeting since December, 1903. The Local Board, aided by the Maintenance Committee, has done much towards the upkeep of the School premises.

*Armagh Royal School*.—There has been a slight decrease in the School Roll (4), but nothing material, and the numbers now compare very favourably with what they were when the present Head Master took office. In the matter of Intermediate Results, Armagh, like the majority of schools I have visited, occupies a worse position than that of last year. Only seventeen pupils passed out of thirty-two presented, and Mathematics, to which I previously alluded, I note are still weak. Languages, on the other hand, are very successfully taught, a notable feature being the number of Composition Prizes obtained at the Intermediate Examinations. There was no competition for the Free Places offered under the Scheme, but a Scholarship of private foundation has been the means of bringing to the front a very promising pupil in the Preparatory Grade. The condition of the premises is now very fair and is a pleasing contrast to that which obtained on the occasion of my first visit to the School some four years ago. The entrance hall leading to Head Master's quarters and the walls of entrance in these quarters should be done up. Something has been done to improve the bathroom on the ground floor, but more is required.

II.—*Armagh Roman Catholic Board of Education*.—Meetings are regularly held and the attendance of members is exceptionally good. I should like, however, to see the Minutes of each meeting written up immediately after the holding of the meeting, and the Accounts kept up to date.

*St. Patrick's College, Armagh*.—This is one of the very few schools, under my observation, in which the Intermediate Results show an improvement on those of last year. Out of 23 pupils presented, 19 passed, that is 82 per cent. as compared with 68 per cent. on the previous occasion. As is generally the case in this School, Classics were very good. I was sorry to note, however, that French was more or less neglected during the year, only very slight provision being made for it in the Time Table. Drawing, too, although taught so as to comply with the provisions of the Scheme, can scarcely be said to have been the subject of any very systematic instruction. The Head Master tells me that more ample provision is being made for the teaching of those subjects during the coming year. The answering of the candidates for Free Places was very creditable, the scores being 74 and 65 per cent.

Great improvements are being effected in the playgrounds and the premises generally are in good order. There is a damp corner in one of the dormitories, and the light of one of the class-rooms is greatly obstructed by trees growing at the rear of the building.

III.—*Cavan Protestant Board of Education*.—One gentleman failed to attend a single meeting during the year, otherwise the attendance of members was creditable. That local interest is taken in the School is proved by the financial support accorded to the Local Board in their go-ahead policy of establishing two valuable Scholarships. When the existence of these Scholarships is more widely known, they should be the means of attracting well prepared material to the School.

*Cavan Royal School*.—The School Roll and the Intermediate Results are similar to those of last year. This is satisfactory considering the loss the School suffered, during the busiest months of the year, through the long and serious illness of the Head Master, which is, I am glad to say, now a thing of the past. The general results in the Junior Grade were good, but those of Middle Grade were weak. With regard to the School Roll, I made the following observation in my Report to the Commissioners of Education in Ireland:—  
"As to Cavan, the competition of the other Royal Schools and the comparative sparseness, locally, of the class for which the School is intended to provide, will, I fear, be continuing quantities to militate against a very strong School Roll, but that the present returns (83) can be improved I am confident, and I look to the members of the Local Board—individually rather than as a corporate body—to use their best efforts in this behalf."

During the year a substantial sum was spent on the premises which are in very good condition. The working of the water supply, however, in the outdoor W.C.s is, in my opinion, scarcely satisfactory. As on previous occasions, the domestic arrangements show evidence of being in capable hands.

IV.—*Cavan Roman Catholic Board of Education*.—The vacancy on the Local Board which existed at the date of my last Report has now been filled by the appointment of Most Rev. Doctor Boylan to the Bishopric of Kilmore, the Bishop being, *ex-officio*, a member of the Governing Body. The attendance of members at meetings—which were regularly held—was very good—many members having been present at all the meetings. The minutes and accounts continue to be well kept.

*St. Patrick's College, Camus.*—The School Roll shows an increase (9) on that of last year, the total strength now being 88. I am glad to note that the teaching staff has also been increased, there being seven Professors now as compared with five when I first visited the school in 1903. Out of 47 pupils presented 32 passed, that is 68 per cent. This is respectable, but not so good as last year, when the percentage was 73. It must, however, be borne in mind that the results for Inland as a whole show a marked falling off this year. In the Junior Grade class there were many failures in English while in the Senior Grade, Natural Philosophy, as was the case with many other schools, was found wanting. There was good competition for the Free Places, and the scoring was proportionately high. Two places were offered, but in view of the excellent answering four places were awarded, the successful candidates scoring from 92 to 75 per cent.

A considerable sum is being spent on the school buildings. Hot water pipes are being introduced, and the out-door lavatory accommodation has been improved. It now remains to recolor the class rooms, paint or enamel the baths, and provide modern desks and benches for the study hall.

V *Dungel Protestant Board of Education.*—The endowment at the disposal of this Board is small, but it is productive of much good owing to the business capacity of the Local Board, the members of which take a keen interest in the School. This Board has taken advantage of Section 23 of the Scheme to co-opt additional members, and I think with beneficial results. Meetings are frequently held, the attendance of members being good, but one gentleman, I note, failed to attend a single meeting during the year. As usual the records of the Board are admirably kept.

*Roydon Royal School.*—The School Roll remains the same as last year, but the percentage of Intermediate successes has dropped from 67 to 50. Languages appear to have been the weak point. Natural Philosophy, too, as was the case with so many other schools, was a fatal subject; but, similar to last year, the Report on Experimental Science and Drawing was very satisfactory. The regular attendance of day pupils at this School is highly creditable, more especially so when one considers that more than 50 per cent. of these pupils have to come a distance of three miles or more.

The lavatory accommodation has been improved, and the girls' classroom has been done up, but the back walls of main building are badly in need of plaster or cement.

VI.—*Dungel Roman Catholic Board of Education.*—Four meetings were held during the year, but no meeting was held during the period from September, 1906, to April, 1907—possibly the frequent absence of the Most Rev. Chairman on public business accounted for this. I notice that two lay members of the Board failed to attend a single meeting during the year. Otherwise the attendance of members was creditable.

*St. Eunan's Seminary, Letterkenny.*—On every count can I report improvement here. A new college, splendidly equipped in every way, has taken the place of the old and most respectable premises, formerly known as St. Eunan's Seminary. The School Roll, as one might have anticipated, has increased, under the new order of things, by 100 per cent., while the percentage of Intermediate successes also shows a substantial increase. French and Arithmetic were weak, but Classics, as in former years, were strong—particularly Greek.

The domestic arrangements of the College appear to be well-nigh perfect. I was particularly impressed by the neat and tidy state of the pupils' rooms.

VII.—*Fermagh Protestant Board of Education.*—A pleasing feature of this Board is the active part taken by the lay members in the administration of the funds and in the up-keep of the School premises. Their attendance compares more than favorably with that of the clerical members—a remark which applies, but to a less degree, to only two other local boards. Well attended quarterly meetings were held, and the manner in which the records of the Board are kept leaves nothing to be desired.

With regard to the references in my last Report as to a certain investment which the Board had made, I find on inquiry that such investment was well within the powers of the Board, as prescribed by the Scheme, and further, judging by results, the transaction would appear to have been of a satisfactory character financially.

*Enniskillen Royal School.*—The School Roll is not quite so strong as that of the previous year—128 pupils giving place to 115—but the numbers are still such as to give satisfaction to those responsible for the management of the School. As compared with last year, Portora is one of the few schools under my notice which have improved their position in the matter of Intermediate successes. Out of 53 pupils presented, 30 passed, that is 56 per cent. as against 47 per cent. on the previous occasion. It is satisfactory to note this improved result, which, however, is not yet what one would expect from an establishment of the status and resources of Portora. Mathematics and French would appear to have been weak—failures in the latter subject being common to many schools. I still think that something might be done to encourage the more regular attendance of day boys.

Improvements have been effected during the year, notably in the dormitories, Hospital, and the equipment of the Drill Hall. This latter is a great acquisition. The corridor leading to the Study Hall should be done up, and the back of main building requires plaster or cement.

VIII.—*Fermagh Roman Catholic Board of Education.*—Meetings were regularly held, and the attendance of members, especially the clerical members, was satisfactory. The manner of keeping the records of the Board, however, leaves much to be desired. On the occasion of my visit (September 30) the Minutes of a meeting held on July 16 had not yet been written up, while the last entry appearing in the Income and Expenditure Book was that of September, 1906. Further, there was an apparent discrepancy between the minute book and cheque book. I trust the hon. secretary will insist that more care be given to the keeping of the books in future.

*St. Macarthur's Seminary, Monaghan.*—There has been an increase of 8 in the School Roll, but the decrease in Intermediate successes is very marked—a percentage of 88 giving place to one of 61—and the distinctions gained showing a proportionate reduction. This year's results are not by any means bad—in fact, they would be considered creditable for an average school. But St. Macarthur's is not an average school, its past record having placed it in the forefront of the Intermediate competition, and it now experiences the drawback of having a reputation to live up to. I am confident, however, that the comparative breakdown is only temporary. As was the case with many other schools, there were many failures in Natural Philosophy and French, and the latter subject was accountable for not only a reduction of Passes but also of Distinctions. The marks obtained in the Preparatory Grade Mathematics were very creditable. A new wing is being added to the building, which will provide chemical and physical laboratories, an additional dormitory, and increased lavatory accommodation. Dampness is observable at the end of a corridor in the left wing, and more care should be taken to ventilate the class-rooms at the termination of each lecture period. The duty should be thrown on the senior pupil of each class to see that the windows are opened at every possible opportunity.

*St. Michael's School, Enniskillen.*—The School Roll has increased by five, but the Intermediate successes, in this case, too, have fallen off by nearly 20 per cent. Out of 30 pupils presented 19 passed (i.e., 63 per cent.), the highest proportion of failures being in the Senior and Junior Grades. The marks all round were fairly satisfactory, but the Senior Grade did badly in French. Choir singing has been added to the curriculum of the School, and the report of the Examiners on the work done during the year is very encouraging.

The interior of the building has been refurnished, and new lavatory accommodation, which was badly needed, has been supplied. I should now like to see some improvements effected in the playground.

IX.—*Tyrone Protestant Board of Education.*—Meetings are regularly held, but the attendance of members might be better, as many as three members having failed to attend a single meeting during the year. In one case, it is only fair to state, absence was due to illness. Much interest is displayed in the up keep of the premises, and suggestions emanating either from the School principals or from me invariably meet with prompt attention.

*Dungannon Royal School.*—Like so many other schools this year, Dungannon shows a falling off in Intermediate results, the percentage of passes being 45 as compared with 75 on the previous occasion. French and Mathematics were weak; the Department reported favourably on Science and Drawing; and I was glad to note that Physical Drill now receives more attention than it did formerly.

There was a substantial increase in the School Roll, both as to boarders and day pupils, during the year, the total roll now standing at the respectable figure of 131.

Attention has been paid to the premises. The gables have been cemented, and the Dining Hall has been done up. But the front entry needs refreshing, and the walls of staircase leading to Assistant Master's quarters should be painted.

*Girls' Department.*—This Department has had a very successful year, 18 pupils passing out of 22 presented (81 per cent.). The marks obtained all round were very creditable, but they were particularly so in Science and French. The junior class-room has been done up, also the bath-rooms. When funds allow the second sitting-room belonging to the Head Mistress should be put into a habitable condition, and I should be glad to see some means devised for relieving the congestion in the large Class Hall. The present system of conducting three classes there at one and the same time is not to the advantage of either pupils or teachers.

X.—*Tyrone Roman Catholic Board of Education.*—During the year a vacancy arose through the death of Most Rev. Dr. O'Doherty, Bishop of Derry. That vacancy has now been filled by the appointment of the new Bishop, Most Rev. Dr. McHugh. The improvement in the attendance of members noted last year is still maintained, and meetings are regularly held. The Minutes are neatly kept, but I should like to see them deal more fully with certain points—for instance, with the matter of appointments to the staff of the Academy.

*St. Patrick's Academy, Dungannon.*—The increase in the School Roll anticipated in my last report has been realised, the number in attendance having now reached the substantial figure of 69—an improvement of 17 on the previous year. That this number may be still further increased in the near future I earnestly wish. Out of 63 pupils presented for the Intermediate Examinations 49 passed, that is 77 per cent. This is a very creditable result, and, judged by this standard, St. Patrick's is entitled to rank second for the present year among the schools sharing in the Ulster Royal School Endowments. The marks obtained all round were very good, the number of failures in individual subjects being much below the average. Among the boys some weakness was shown in Geometry, and among the girls English and History and Geography were the least successful subjects. French in the girls' department was more than usually creditable.

A supply of maps is required for the Boys' School, and wash basins are also a necessity. I noticed that the hands of some of the boys at drawing lessons were anything but immaculate. The School buildings are particularly fine, and I hope that efforts will soon be made to have the surrounding grounds put in a condition in keeping with these buildings.

STANISLAUS MURPHY, Inspector.

**Scheme No. 55.—Diocese of Meath—Preston (Navan).—Endowment.**

*Preston School, Navan.*—I visited the Preston School, Navan, on December 18, 1907. There were nineteen pupils present, seven were absent, one on account of the death of his father, and three through illness. The work done in this School seems to be very satisfactory.

WILLIAM F. ALMENT, Inspector.

January 31, 1908.

**Scheme No. 95.—Leamy Endowments, Limerick.**

*Leamy Protestant Board.*—Meetings are regularly held, but the attendance of members cannot be said to be more than fair. The meeting fixed for May last failed to secure a quorum, but, nevertheless, the meeting was proceeded with, the explanation being that the business to be transacted was of an routine and urgent—teachers' salaries had to be paid—and so many of the members were either ill or from home, that there was no prospect of obtaining a better attendance at any early date. The Secretary has undertaken to have these proceedings confirmed at a future meeting, so that, as far as possible, they may be made regular. The accounts and minutes are accurately and neatly kept.

*Leamy High School.*—The School Roll shows a slight reduction on previous years—it now stands at thirty-five—and the average attendance during the early months of the present year was very bad owing to the prevalence of scarlet fever. The Intermediate Class was particularly successful this year, six passing out of the seven examined, and, further, those six passed in all the subjects in which they were presented, with the exception of two failures in algebra. This, I regard as evidence of thorough, all-round teaching. French was very good, so too was English, and mathematics—formerly weak—have improved.

The Report on the General Examination held in the School was satisfactory, which is only what I should expect from what I have seen of the teaching, and of the conduct of the pupils under instruction.

The appearance of the hall and staircase has suffered much from very pronounced signs of dampness—this should be seen to.

*Leamy Roman Catholic Board.*—Meetings are regularly held, the attendance of members is good, and the minutes and other documents are well kept. The record of improvements in the school, mentioned below, is ample proof that the Governors take a practical interest in their work.

*Leamy National School.*—The returns show somewhat of a reduction—the roll being 463 and the attendance 343. The National Board Inspector classifies the School as "very good," and this, in my opinion, it richly deserves. Discipline is good, pupils are diligent and well conducted, and the method of teaching adopted by the Principal is calculated to obtain the best results.

Many improvements have been, or are being, made. A Science Laboratory has been fitted up, and only awaits equipment. The playground has been concreted, and new windows of a modern type are being made, and will soon replace those antiquated fixtures which have been so frequently condemned. The class rooms require re-colouring, and wash basins should be supplied for the junior pupils. The lane at the back of the premises is in a very bad condition, filth and decayed vegetable matter being allowed to accumulate, to the obvious detriment of the health of the locality. The attention of the Sanitary Authority should be drawn forcibly to the matter.

STANISLAUS MURPHY, Inspector.

October 14, 1907.

**Scheme No. 111.—Preston Endowment, Queen's County.**

I regret to have to report the death of the Secretary to the Governing Body, Mr. Leigh, who for many years took a deep interest in the School, and did all that in him lay to promote its welfare. No meeting of the Governing Body has been held since January last, when only three members attended. The failure to hold a Meeting in April is sufficiently accounted for by the lengthened illness and subsequent death of the Secretary, but I received no explanation as to why the Meeting usually held in July was omitted. I do hope that the regretted death of the late Secretary will not mean a cessation of interest on the part of the Governing Body. The financial condition of the School is similar to that of last year. The Records are neatly kept.

The School Roll, I am sorry to say, shows no improvement, its strength being 23. Of these, 15 were on the Intermediate Roll prior to the examinations, 12 were presented, and 6 passed. The greatest proportion of failures occurred in the Preparatory Grade, in which French proved to be the fatal subject. The results obtained in Mathematical and Science Subjects were satisfactory throughout.

The premises are, generally, in good order, a substantial sum having been expended on plumbing and painting. There is, however, a damp spot in the Dining Hall which calls for attention. The tone of the School is good, everything is neat and orderly, and I only regret that there are not more pupils to share its advantages.

## APPENDIX D.

## REPORTS OF THE LOCAL BOARDS OF EDUCATION.

## I.—Armagh Protestant Board of Education.

The Armagh Protestant Board of Education beg to submit the following as their Report for the year ending August 1st, 1907.

The members of the Board during the year have been—

*Representing the Armagh Diocesan Synod:—*

6. His Grace the Lord Primate.
0. The Very Rev. the Dean of Armagh.
1. The Venerable the Archbishop of Armagh.
2. J. H. Gray, Esq.
3. Sir James H. Stronge, Bart.

*Representing the General Assembly:—*

6. The Rev. David Miller.
2. The Rev. R. J. Patterson.
3. R. G. McCrum, Esq.

*Representing the Methodist Conference:—*

1. Joshua E. Peel, Esq.

The numbers prefixed to the names of the members show the numbers of their attendances at meetings of the Board.

Meetings have been held on December 8th, 1906, March 24th, 1907, and June 25th, 1907. There was also a meeting on July 24th, 1907, but it was informal for want of notice.

On December 8th, Sir James Stronge was re-elected our representative on the Board of the Commissioners of Education.

On March 24th, the Lord Primate was re-elected our Chairman, the Rev. David Miller our Vice-Chairman, and Sir James Stronge our Hon. Secretary, and Mr. Peel, Mr. J. H. Gray, and Sir James Stronge were elected members of the Estates Committee.

The Armagh Royal School has been very efficiently maintained during the year 1906-1907.

The following have been the teaching staff:—

- H. Hirsch, B.A., Christ's College, Cambridge.  
 G. E. Drake, B.A., Trinity Hall, Cambridge.  
 K. Macdonald, M.A., Edinburgh.  
 W. McKay, M.A., Aberdeen.  
 J. Walker, M.A., London.  
 J. Fanning, Book-keeping.  
 Miss Reid, Cert. Drawing.

A list of twenty boys who, among others, have received instruction in the subjects prescribed by the Scheme, and have made 100 attendances during the year, was forwarded as usual to the Lord Lieutenant's Inspector.

Thirty-two entered for the Intermediate Examinations. The following passed:—

- |   |  |
|---|--|
| W. E. Andrews, Middle Grade Honours.  | W. Spence, Junior Pass.  |
| G. T. Bates, Junior Grade Pass.   | L. H. Secker, Senior Grade.  |
| A. Petrie, Preparatory Grade Pass.  | J. Taylor, Junior Honours. Book Prize, £3.   |
| C. I. Gordon, Senior Grade.   | Composition Prize, £2.   |
| W. A. King, Junior Grade Pass.  | E. E. Walkington, Preparatory Grade.   |
| D. St. G. Morrison, Middle Grade Honours.   | J. H. Magwen, Preparatory Grade. Special Prize of £3.  |
| W. H. Murphy, Senior Grade, and £3 Book Prize.  | H. R. Sanford, Middle Grade Honours. Exhibition, £25. Modern Literature Course, Division II, Highest marks in Course. Special Prize of £5. |
| S. H. Murphy, Junior Pass. Composition Prize, £2.                                       | Two Composition Prizes of £3 each.   |
| W. T. McKenna, Junior Pass.   |  |
| C. E. F. Osborne, Junior Pass.  |  |
| M. J. Ramsay, Junior Honours. Book Prize, £3, Special Prize, £3. Composition Prize, £2. |  |

The number of Boarders during the Summer Term was 47, and the number of Day Pupils 33.

We have again to report that no candidates entered for the Free Place Examinations, which were advertised in due course.

The charges upon our Endowment for retired masters' annuities and for rent of the School premises have again more than absorbed our share in the income of the School Estates. We have consequently received no money from the Commissioners. But the balance which we owed them has been paid off by the School Maintenance Committee, referred to in our last Report. These friends have also paid for the new system of sewerage which was established during the summer holidays of 1906, they have paid for some other necessary repairs, and have enabled the school to be properly maintained. The extra fee now charged to day-boys has also been an assistance towards this object.

An abstract of the accounts as audited by the Local Government Board is appended.

17th December, 1907.

## II.—Armagh Roman Catholic Board of Education.

The Armagh Catholic Board of Education beg to submit the following as their report for the year ending August 1st, 1907.

Four meetings of the Board were held in St. Patrick's College during the year.

The following tabulated form gives the names of the present members of the Board, with the attendance at the meetings of each member during the above period:—

	20th Sept. 1906.	2nd Nov. 1906.	14th Jan., 1907.	20th June, 1907.	Total.
His Eminence Cardinal Logue, ... ..	—	1	—	1	2

Rev. James Griffin, who was co-opted at Meeting on 20th June, 1907.	—	—	—	—	—

His Eminence Cardinal Logue, Messrs. Wm. Kerr, M.D., J.P., and Patrick Lavery were unanimously elected Chairman, Vice-Chairman, and Honorary Secretary, respectively, for the year 1907, and Canon Coyne, Messrs. W. Kerr, and P. Lavery members of the Estates Committee.

Canon Coyne was elected as our Representative on the Board of the Commissioners of Education.

The Hibernian Bank, Armagh, continues to fill the position of Treasurer to the Board.

The School Committee, appointed in accordance with section 47 of the Scheme, consists of His Eminence Cardinal Logue, Very Rev. M. Carrigy, C.M., President, St. Patrick's College, Armagh; Rev. J. Downey, C.M., Rev. J. O'Connell, C.M., Rev. P. J. Boyle, C.M., and Rev. C. Murphy, C.M., Professors, St. Patrick's College, Armagh.

An examination for Free Places was advertised to be held on the 10th August, 1906, in conformity with section 59 of the Scheme. Two candidates presented themselves for examination. Both were successful.

Very Rev. M. Carrigy, C.M.; Rev. J. Downey, C.M.; Rev. J. O'Connell, C.M.; Rev. P. J. Boyle, C.M.; Rev. C. Murphy, C.M.; and Thomas Savage, Esq., M.A., constitute the teaching staff.

The subjects of instruction given in the School are:—Latin, Greek, English, French, Irish, Algebra, Arithmetic, Euclid, History, Geography, Physical Geography, Natural Philosophy, Book-keeping, Elocution, Drawing, and Music.

The subjects of instruction for each class are determined by the Programme of the Intermediate Board for each year.

In the year ended 1st August, 1907, there were 48 pupils in the School, of whom 9 were Middle Grade, 17 were Junior Grade, and 10 Preparatory Grade, and 12 were First Arts, B.U.I., pupils.

The following is a list of 20 boys who (with others) have received instruction in the prescribed subjects and have made over 100 attendances during the past twelve months:—

## III.—Cavan Protestant Board of Education.

The Cavan Protestant Local Board of Education beg to submit the following report for the year ending August 1st, 1907.

The Hon. Officers and Members of the Board are:—

*Chairman*—The Right Rev. Lord Bishop of Kilmore.

*Vice Chairman*—The Rev. Wm. McDowell.

*Hon. Secretary*—The Rev. E. D. Crowe.

T. C. Burrows, Esq., D.L., The Rev. W. P. Lowe, The Rev. James Black, Robert Walker, Esq., Richard Allen, Esq., The Rev. Geo. W. Bea.

Steady progress has been maintained during the year, and an increase in the Staff promises further individual attention for the pupils.

At the United Examination for the Promotion of Christian Knowledge 30 candidates were presented, of whom 10 obtained prizes and 23 passed.

An Examination for Free Scholarships was held. Three candidates were examined, two being awarded Scholarships.

The next Examination for the New (Boarding) Scholarships will (D.V.) be held in July, 1908, when it is hoped 3 or 4 vacancies will be filled.

Meetings of the Board were held on October 31st, 1906; December 19th, 1906; March 23rd, 1907; and June 28th, 1907, the attendances being:—The Lord Bishop, 1; Rev. Wm. McDowell, 3; T. C. ## ANNUAL REPORT for Year ended 31st July, 1907.

MY LORDS AND GENTLEMEN,

We have the honour of submitting to you the Annual Report of proceedings of the Donegal Roman Catholic Board for the year ended 31st July, 1907.

The Members of the Board as at present constituted are,—Most Rev. Patrick O'Donnell, D.D., Chairman; Edward M'Fadden, Esq., Vice-Chairman; Right Rev. Monsignor M'Fadden, Dean, Treasurer; Right Rev. Monsignor M'Glynn, Archdeacon, Secretary; Very Rev. John Canon Doherty, D.D.; Rev. Daniel Sweeney, Adm.; James Boyle, Esq.; James Dunlavy, Esq.; and T. Mulhern, Esq., J.P.

The members of the School Committee, and also of the Estates Committee, are the same respectively as those of last and previous years.

The Very Rev. Denis McGinley, D.D., is the Commissioner who represents us on the Board of Commissioners of Education in Ireland.

Four Meetings were held during the year: a list of the attendances of Members thereof is herewith enclosed.

The President of St. Ennien's College, Letterkenny, was instructed to have advertisements published at the proper date in the Press regarding the Free Places and the Examinations that are to be held for them.

We regret to report the death of the Very Rev. Daniel Stephens, F.P., V.C., whose peaceful and sound advice was so useful at the deliberations of the Board. The Rev. Daniel Sweeney, Adm., was co-opted in his place.

A statement of the Accounts of the Donegal Roman Catholic Board of Education for the year ended 31st December, 1906, is herewith enclosed.

This Report was read at a meeting of the Board, approved of, signed, and sealed.

(Signed),

CHARLES M'GLYNN, F.P., V.C., *Sec. Gen.*

## VII.—Fermanagh Protestant Board of Education.

## Report for School Year ended 1st August, 1907.

No change has taken place in the membership of the Board, and the usual Quarterly Meetings have been held. Mr. W. B. Cooney, A.P., has been re-elected Commissioner of Education for 1907.

*Portora Royal School.*—The year under review has been a prosperous one. The number of pupils affords evidence of the high position the School has attained in public esteem. Thirty candidates passed the Intermediate Examinations—one of whom took first place in Ireland in Algebra (Middle Grade), and was also third in the List of Mathematical Exhibitions.

Large sums have again been spent on the upkeep of the buildings, the chief outlays of late having been putting in new doors to nearly all the Dormitories.

Mr. W. G. Sullivan, A.A., having been appointed Head Master of St. Andrew's College, Dublin, resigned his position as Assistant Master, and Mr. F. E. Lloyd Dodd has been appointed to teach Commercial subjects especially.

Signed and sealed by Order of the Board at its Meeting this 1st day of November, 1907.

S. B. HENPHREYS, *Chairman*.  
W. B. COONEY, *Member*.
